

Great opportunity: large parking space for big car

Underground parking space with a length of 11 meters, ideal for a large vehicle and even an additional motorbike. The space is wide, easy to manoeuvre, and clearly marked with yellow lines. Located in a clean and well-maintained garage with convenient access via ramp and automatic door. The space is positioned next to a pillar, providing extra protection on one side of the vehicle. A perfect option for anyone looking for a secure, practical, and easily accessible parking spot.
