

House for sale in Espolla

We are pleased to present this unique two-story property—a home with its own distinct character that combines traditional elements, generous spaces, and pleasant outdoor areas. The vaulted ceilings with exposed beams, terracotta floors, stone, and wooden doors lend warmth to the home and preserve its original essence.

On the ground floor, you'll find a spacious open-concept kitchen with a fireplace—a cozy and functional space designed for everyday living. This floor also features a full bathroom and a double bedroom, which can be used as a living room, office, or multipurpose space depending on your needs.
The upper floor stands out for its spaciousness and open layout. It features a large living-study area with distinct zones, a master bedroom with a full bathroom, and a second double bedroom.

The home is equipped with city gas heating, ensuring comfort during the colder months. The home was completely renovated in 1992, respecting its original character and preserving traditional architectural elements that lend the property personality and charm.
